ALL BIDDERS PLEASE READ

Terms Governing This Sale

Bidders unknown to us will please furnish bank or other references or deposit 25 per cent with their bids and it is agreed that remittance will be made upon receipt of invoice if references are not furnished.

Any coin which is not satisfactory may be returned within five days from date of receipt for full refund. You must be satisfied. **PAYMENT TO BE MADE UPON RECEIPT OF MERCHANDISE.** Coins remain our property until paid for. There will be no charge for executing your bids but the purchasers will be required to pay the postage and insurance on their purchases. If you do not wish coins sent airmail please note this on your bid sheet.

We shall welcome your bids and will try to purchase the coins as much below your bids as possible. **PLEASE BID BY THE LOT.** Unwanted bids are executed at an advance of 5 per cent over the next highest bid. Numbers in () are the quantity of that item.

If you are interested in any particular coin, we shall be glad to have you write us for full information. **LOTS CANNOT BE BROKEN.** Be sure you bid on the correct lot as we cannot be responsible for errors in bidding.

NOTICE TO NEW BIDDERS

Our Mail Sales Are Conducted As Follows:

1. Bids are entered in the order received. If identical bids are received, the first bidder is awarded the lot. **SEND BIDS AIRMAIL—IT PAYS**

2. The highest bidder on the date of the sale is awarded the coin at a slight advance over the second highest bidder. **Bids you send in are the maximum you are willing to pay for the coin. WE, AS YOUR AGENT, TRY TO BUY THE COIN AS LOW AS THE NEXT HIGHEST BID WILL ALLOW.**

3. Valuations placed in the auction catalog are catalog prices, prices generally asked by dealers when the coin is in stock, or prices generally realized at auctions.

ANY COIN WHICH IS NOT AS REPRESENTED MAY BE RETURNED WITHIN FIVE DAYS FROM DATE OF RECEIPT FOR FULL REFUND. YOU TO BE THE SOLE JUDGE AS TO CONDITION. YOU MUST BE SATISFIED. No, you won't receive a nasty letter for returning a coin—instead you will receive a letter thanking you for calling attention to the error made in cataloging. While we try to describe coins as accurately as possible, it is inevitable that an occasional error is made in the cataloging of thousands of coins for every sale. Whenever this happens we want it called to our attention to help prevent future errors.

Any coin may be inspected prior to the sale, collector to pay postage and insurance both ways.

If you are not interested in these sales, won't you advise us so we may discontinue sending you catalogs.

FOOD FOR THOUGHT

Is your collection for sale???? Recheck the prices realized in this sale. You will then have to agree that choice coins are bringing record high prices. Why take less. We invite comparison both as to results and commission (as low as 10% commission). A FIVE CENT STAMP IN WRITING US NOW WILL PAY YOU \$\$\$\$\$\$\$\$\$\$\$\$\$\$\$\$\$\$ IN DIVIDENDS.

IS THIS YOUR FIRST AUCTION CATALOG?

20TH EDITION (1967) GUIDE BOOK, (1965) PAPER MONEY 5th EDITION
"TRENDS" AND OTHER AUCTION RECORDS USED IN CATALOGING.

* Currency, scarce and rare gold, large cents, types and proofs seem to be rising the most rapidly at present with most bringing close to listed values and a great number bringing even more. Some are rising from month to month with a number "just not obtainable". The coins most in demand will have the greatest number of bidders and with the law of supply and demand working, these coins keep setting new records.

Occasionally a collector writes us asking why our estimated values in some instances are higher than the catalog listing. This occurs when the demand is so great and the supply so small that new records are set whenever these come upon the market. If one will take a few moments to reflect, he will understand that it takes several months to compile the necessary information before the catalog can be published, therefore, it is inevitable that the catalog listing will be under the prevailing market price on the items in popular demand at the time of the publication. **The estimated prices are entered only after careful examination of various records and publications which reflect the actual and not theoretical values. (PLEASE NOTE THAT MANY OF THE ESTIMATES ARE CATALOG VALUE ONLY. MANY OF THE GOLD COINS, SILVER \$1, WASHINGTON QUARTERS, CURRENCY, ETC. ARE ESTIMATED AT CATALOG).** In the final analysis, you the collector, are the one who sets the price.

BIDS ARE RECORDED AS FOLLOWS: Each bid sheet is given a number as it comes in, and the bids are recorded. In the event of identical bids, the first bidder receives the lot. At the last day of the sale, the books are closed with the highest bidder on each lot being awarded the lot at an advance of not over 5% above the next highest bidder. For illustration—the two highest bids received on a lot may be \$17 and \$20. The highest bidder who bid \$20 would receive the lot at \$17.50. We act as your agent and use your bids as a limit—not as a final bid unless we are forced to do so to obtain the lot. We accept unlimited bids which generally assures the bidder of obtaining that lot regardless of what the highest bid may be. Where the lot is bringing far more than we believe it is worth, or in the event of two unlimited bidders on the same lot, we notify the unlimited bidders by phone or wire, if necessary, in order to obtain a fixed limit to the bid. Even tho auction purchases are supposed to be final, we do not want you to keep any lots which you believe are improperly described. We endeavor to treat our customers as we would wish to be treated. We try to keep it on a friendly basis and value the many friends we have made thru the years. If you have any complaints, we want to hear them, as well as any compliments.

**YOUR SUCCESSFUL BIDS WILL INSURE YOUR RECEIVING
SUCCESSIVE CATALOGS WITHOUT INTERRUPTION**

BARGAINS

In every sale, some lots go at "bargain prices." May we suggest that in addition to bidding on those lots you "really want," you place nominal bids on those lots that "you might buy if they went at bargain prices." While you may not obtain many of these "bargain lots", yet in every sale you may pick up some real bargains.

Sincerely,

A. M. KAGIN and PAUL KAGIN

Our Sales Are Cataloged With You in Mind. If you have any suggestions, complaints, (yes we receive some now and then), we want to hear them. Having cataloged over two hundred sixty successful coin sales, we believe we are qualified to advise and help you with your numismatic problems. No, we don't "know-it-all" but we do know where to obtain the information we don't have.

We have a number of want lists on hand for the scarce and rare United States coins and currency. Our average commission for obtaining these specimens is only 10 per cent, therefore we believe we can pay the top price for your choice and scarce pieces, no matter how rare. Don't you think it is worth a 8c airmail stamp to find out what we would pay for your outstanding pieces? Naturally we buy collections, too.

SOMETHING NEW HAS BEEN ADDED

We wish to call your attention to the new service extended as per the bottom of the bid sheet. After receiving requests to apply the amount saved in the awarding of successful bids below the bids authorized we decided to avail this service to all of our clients. It is often exasperating to lose a lot by a few nickels when the amount saved on the successful bids would have been sufficient to increase the original bid to the point necessary to receive the lot. Check the bottom of your bid sheet.

Postal regulations require Zip Codes. To continue receiving these catalogs be sure you send us this Zip Code.

234—1854 J-160, Size of 25c (smaller than large cent) head Liberty, no stars, uncirculated. Only 76 to 200 struck.	100.00

235—1858 J-191, Regular Flying Eagle (small letters) combined with regular 1859 reverse (laurel wreath) golden PROOF. **VERY RARE. A popular TRANSITIONAL many times rarer than the 1858 Indian which catalogs \$450.** Since the regular 1858 small letters proof flying eagle catalogs \$1900 (200 struck) some collectors have been substituting this coin since it can be had at a more reasonable price (even tho it is much rarer). Have seen a specimen valued at\$1,000.00

236—1858 J-204, Small flying eagle with reverse similar to regular 1860 except the shield is broader and ornamental, golden PROOF. ONLY 31 TO 75 STRUCK!	350.00
237—1858 J-208, Indian Head and laurel wreath as adopted in 1859, golden PROOF. ONLY 76 TO 200 STRUCK! Catalogs \$450 in 1965, should now realize	600.00
238—1858 J-212, Indian Head with reverse of 1860 except shield is broader and more ornamental, golden PROOF. ONLY 31 TO 75 STRUCK! Catalogs \$450 in 1965, should now realize	600.00
239—1859 J-230, Regular dies struck in copper, red and bluish Uncirculated. ONLY 13 TO 30 STRUCK!	350.00
240—1863 J-299 But Inverted Reverse, experimental TRANSITIONAL type of 1864 bronze without "L", red and bluish PROOF. The 1965 catalog lists the normal variety at \$500, surely this variety with inverted reverse now worth at least	750.00

241—1863 J-299A, SIMILAR BUT UNLISTED THICK BRONZE AS IN REGULAR COPPER-NICKEL, RED AND BLUISH PROOF. INVERTED REVERSE. Experimental TRANSITIONAL. MUCH RARER THAN ABOVE! ACQUIRED IN 1961 WHEN IT WAS VALUED \$1000; SURELY IT SHOULD NOW EXCEED....\$1,500.00

242—1868 J-608, Liberty head as adopted for 3c nickel, struck in nickel, much smaller than normal cent, some friction. Only 76 to 200 struck. Catalogs too low at	55.00
---	-------

243—1869 J-669, Regular dies struck in copper-nickel, several tiny interesting breaks no doubt caused by the hardness of the metal compared to the usual bronze, Uncirculated. ONLY 4 OR 5 SAID TO BE STRUCK! Cataloged a ridiculous \$500 in 1965, surely this great rarity worth over 750.00

467—1828 Small 8's, square-base 2, Lg. Let., GEM PROOF OBVERSE, GEM UNCIRCULATED REVERSE, REMARKABLY SHARP STRIKE! Undoubtedly, a specimen strike for some early collector or European museum. It was customary at this time to take a regular die, polish it, polish a planchet and strike the coin for the special order. These orders for specimen coins were a nuisance for the mint and they complied with the least amount of effort and expense. When there was not sufficient time to polish both dies or the planchet, sometimes a polished die would be combined with a regular die or regular unpolished planchet with "one-sided" proofs the result. 617—1877-S PROOF SURFACE GEM WITH LOVELY BLENDED BLUE AND GOLDEN COLOR. The subject of branch-mint proofs is indeed interesting but rather involved. The Standard Catalogue of U. S. Coins lists 10 but in addition, we have seen a number of others—real proofs. The Guidebook is gradually adding the listing of unusual proofs—for instance, proof gold commemoratives. This coin was acquired in 1961 as a "Branch-mint Proof" at \$250; regardless of what you call it, it is indeed highly desirable.

CHOICE 1793 LARGE CENTS

977—1793 S-1, CHAIN AMERI., borderline very fine. RARE. Seldom offered above fine. Setting new records. Acquired close to two years ago at \$1250; surely it should now exceed **1,750.00**

978—1793-S-4, CHAIN AMERICA, Period After Date and Liberty, very fine and sharp approaching the "extra fine" for which acquired. Small rub in field. Cost \$1450; could now exceed **1750.00**

979. 1793 S-6, WREATH TYPE, Vine & Bars edge, small date and Liberty, the beloved "sprung die" variety, acquired as **"ABOUT UNCIRCULATED—CONDITION CENSUS."** It is true, there is only the barest trace of friction, even chocolate color with faint trace of lighter tan. Probably from an old collection as the obverse has that cared-for brushed surface the large cent specialists were prone to use to preserve the copper coins. Acquired in 1962 at \$2500; could now exceed **\$4,000.00**

980—1793 S-8, PLAIN EDGE, the previous owner acquired in early, 1961 from a leading Eastern dealer's ad as "Plain Edge, wreath, horizontal stem to leaf above date. Catalogue has Vine-Bar and Lettered Edge but not a plain edge. The owner considered this the **PRIZE OF HIS COLLECTION! TRULY A GREAT RARITY** and priced at \$1,950.00." The obverse is a borderline very fine while the reverse is a sharp very fine. The present owner acquired this interesting piece from a leading Cleveland dealer two years ago at \$3100.00. It could now exceed **\$4,000.00**

- 981—1793 S-9, WREATH, Vine & Bars edge, acquired in 1962 as "ABOUT UNCIRCULATED" and it is just about that. Only slight friction, well-struck on slightly porous planchet. A choice specimen excellent for type or date. 2,500.00
- 982—1793 S-11a, WREATH, Vine & Bars, variety with the MISSING FRACTION, very fine obverse, extremely fine reverse. VERY RARE VARIETY (R-6). 1,750.00

983—1793 S-11c, WREATH, LETTERED EDGE, one Leaf on edge, acquired from a 1960 ad of a leading Chicago dealer as "ABOUT UNCIRCULATED—PROBABLY 55 COIN LISTED BY SHELDON" (Condition Census). Cost \$2,500 over six years ago! This lovely specimen also has that cared-for brushed finish, pinpoint nick. Could now exceed\$5,000.00

- 984—1793 S-13, LIBERTY CAP, basically very fine but eroded surface. RARE. Trends 2250.00

985—1793 S-14, LIBERTY CAP, lot 1409 of 1961 A.N.A. sale described as "1793 Sh-14 Liberty Cap. Type with heavy die break from edge at "E" in Liberty through bust to opposite edge at "3" in date. **Extremely Fine with little or no wear,, slightly rough or granular surface which is often characteristic of this variety. Reputed to be third best known and valued at \$2,500.00.**" It realized \$2,100 at that sale. The present owner acquired it in 1963 at \$4,000; surely it should now realize over 5000.00

CHOICE 1794-1796 LIBERTY CAP CENTS

- 986—1794 S-31, Long fraction bar, 9 tilts left, rather close to the "extra fine" for which it was acquired. 250.00

987—1794 S-46, Braided Hair, Crossed E in CENT, **Virtually UNCIRCULATED**, only barest trace friction. Acquired as "**CONDITION CENSUS**" at \$850; surely it should now realize closer to 1000.00

- 988—1794 S-64, NO FRACTION BAR, very fine. **VERY RARE** variety. 250.00

- 989—1794 S-36, Variety with LOW HEAD, fine. **VERY RARE** variety. Possibly the "fine" specimen in **CONDITION CENSUS**. 250.00

990—1795 S-75, LETTERED EDGE, "One Cent" in center of wreath, acquired as "**UNCIRCULATED OR PRACTICALLY SO.** A beautiful golden brown sharply struck specimen of this RARE TYPE COIN. Only the slightest trace of rubbing keeps this remarkable coin from perfection. Price \$1,500.00. Surely it should now realize over 2000.00

- 991—1795 S-76a, LETTERED EDGE, "One Cent" High in wreath, acquired as "very fine or so" and it appears to be just that. **VERY RARE** variety. Cost \$500; should now realize closer to 650.00

- 992—1795 S-76b, PLAIN EDGE, "One Cent" High, "practically **UNCIRCULATED**, golden brown and chocolate color. Scarce late state of die described by Sheldon as swelling at right, die crumbling at O in OF. Also light striking of tops of RI in AMERICA. **RARE.**" 500.00

- 993—1795 S-78, Plain Edge, "One Cent" centered, extremely fine obverse, reverse close to Uncirculated. 250.00

- 994—1786 S-84, Low 6, very fine and sharp obverse, extremely fine reverse 250.00

- 995—1796 S-88, Club Pole variety, balanced date, very fine, usual lightly struck "ONE CENT", **VERY RARE (R-6)**. Possibly one of the "20" coins in Dr. Sheldon's **CONDITION CENSUS**. In fact, it was acquired as "**The FOURTH BEST CONDITION SPECIMEN AVAILABLE TO COLLECTORS!**" Valued in 1962 at \$350, it should now be worth closer to \$550 or 600.00

- 996—1796 S-90, Crowded Head variety, basically very fine but some erosion, particularly on reverse. **INVERTED (Rotated) REVERSE. AN OUTSTANDING RARITY** as Sheldon states, "**ONLY 12 KNOWN**" (includes those impounded in museums, foundations, etc. **CONDITION CENSUS**. Valued at \$350 in 1962, it should surely now be worth closer to 600.00

CHOICE 1796 LIBERTY CAP CENT (Con't.)

997—1796 S-91, Wide Date, near Uncirculated. **VERY RARE SO CHOICE!** Acquired as "The 50 coin in **CONDITION CENSUS**." 750.00

CHOICE DRAPED BUST (FILLET) CENTS 1796-1807

998—1796 S-108, **REVERSE 1794** (double leaf top right), Widest Date, extremely fine but corrosion spot back of head. **RARE** (Rarity 5). With 25 and 30 coins in **Condition Census**, this one is highly desirable! 400.00

999—1796 S-112, 96 Close and Connected, very fine, light old scratch giving the appearance of a die break, "One Cent" not struck up as bodily as balance or coin. **VERY RARE** (Rarity 6). With a 25 coin in **Condition Census**, this specimen is highly desirable! 300.00

1000—1796 S-118, **Closest Date**, 6 in Drapery, porous planchet, fine obverse, very fine reverse. **OF THE ONLY 10 KNOWN, 2 ARE IN THE A.N.S. MUSEUM** leaving only 8 in collectors' hands! Acquired as "**FIFTH FINEST**"! Valued by owner at "about" 1,000.00"

1001—1796 S-119, Last 1796 struck, acquired as "PROOF (don't know what else to call it as that is what it looks like)". It does have a lovely bluish brown **Prooflike surface** and is **Sharply Struck with Deep Serrated Borders**, however it is not a proof. The top leaves appear to be unfinished, struck on a slightly porous planchet. The Helfenstein specimen sold in New York over two years ago at public sale, realized \$1250; surely this popular "type" and date coin now worth over \$1750, perhaps closer to\$2,000.00

1002—1797 S-120b, Wide Date, **REVERSE 1796**, Grippled Edge, a borderline fine, altho some portions are actually closer to very fine. Catalogs fine 85.00

1003—1797 S-121, Close Date, **REVERSE 1796**, Grippled Edge, obverse approaches fine, reverse only good. **SCARCE**. Should be worth very good catalog price of 45.00

1004—1797 **S-NC-2**, lot 58 of the 1964 A.N.A. sale described as follows "Out of the Edward Schwartz 1961 Auction Sale as lot number 140. As the cataloguer stated, **ONLY 3 KNOWN** and **Rarity 8**. He also stated that this may be the 15 coin that Dr. Sheldon mentions." The 20 coin is off the market in the A.N.S. museum, therefore **THIS IS THE FINEST SPECIMEN AVAILABLE TO COLLECTORS!** The third known specimen is only condition 5 (good). This specimen realized \$850 at that sale. Now, over two years later, we believe it should realize closer to\$1,250.00

1005—1797 S-138, Swelled Die (top reverse) acquired as "About Uncirculated. This may be 4th or 5th **TOP GRADE CENT** of this variety." Could now realize over 400.00

The strong demand for this date as a "type" could send it closer to 500.00

- 1010—1798 S-167, Large 8, die break thru eye, another thru 8, die break above T in STATES, acquired as "About Uncirculated, probably the 50 coin in **CONDITION CENSUS**." A bit superior to the one we saw offered at 300.00
- 1011—1798 S-184, Small 8, Low 9, Uncirculated steel color, slightly porous planchet. Acquired about 2 years ago at \$500; could now realize closer to 750.00

- 1016—1801 S-221, Fraction 1/100 over 1/1000, **UNCIRCULATED** with blended brown and chocolate color, slight rub on leaves. Acquired as "**SECOND FINEST KNOWN—THE 55 COIN IN SHELDON'S CONDITION CENSUS**" about 2½ years ago at \$1075; could now realize closer to \$1,500.00
- 1017—1801 S-223, Fraction 1/000, chocolate **UNCIRCULATED**, slightly porous planchet, leaves (as usual in this variety) not struck up, barest trace rubbing. Acquired as "**THE 55 COIN IN CONDITION CENSUS**." Cost \$700 about 2 years ago, could now realize closer to 1,000.00
- 1018—1801 S-215, First 1 Perfect, very close date, acquired as "**FOURTH FINEST KNOWN—THE 35 COIN IN CONDITION CENSUS**." **VERY RARE** (Rarity 6). Cost \$750 over two years ago; could now realize closer to 1,000.00

- 1020—1802 S-233, T over Y in **LIBERTY**, very fine and sharp rather than the "Extra Fine" for which acquired. **RARE** (Rarity-4). Acquired as "**The 40-Coin in Condition Census**" however we believe it to be the 30-coin in Condition Census. Cost \$250 about 1½ years ago, could now realize 275.00
- 1021—1802 S-236, 02 very close, 4 berries right branch, acquired as "About Uncirculated—**THE 55 COIN IN CONDITION CENSUS**," advanced state of die showing many die breaks on reverse and the failure of 'STAT. Cost \$400 over 2 years ago, surely it should now exceed 500.00

Close examination with a glass shows it was struck on a porous planchet and has a minute nick. Evidence of loving care over the years with an occasional brushing to keep it free from corrosion and to maintain its color. This was a favorite pastime of the old devotees of "Old Large Cents." \$5 1929 FEDERAL RESERVE BANK NOTES, BROWN SEALS

An EMERGENCY ISSUE (caused by BANK HOLIDAY March 5-12, 1933) authorized by Congress March 9 and issued March 11, 1933. The already available frames of the National Bank Notes were used making possible their issuance in record time. USED ONLY SHORT TIME. Donlon states (page 37) "The 1929 National Currency issued by Federal Reserve Banks is much scarcer than realized, especially in new condition. Collectors endeavoring to collect complete sets of all Federal Reserve Banks, in any denomination, are finding it is not a simple matter. Assembling of complete sets in the future, will be still more difficult due to the increasing number of currency collectors."

\$5 1928 FEDERAL RESERVE NOTES - GOLD OBLIGATION

Many "sleepers" exist in this series (\$5-\$100) as we do not know of a single complete collection! This, in addition to the fact that many are not known in new condition, makes the Friedberg and Donlon valuations theoretical for some. Perhaps the prices realized for these will help correct this situation.

OFF-COLOR SEALS & NUMBERS

It is difficult to determine whether these are actual errors of color or chemical changes. We offer them without our usual unconditional guarantee, even tho one of them is out of the celebrated Grinnell collection.

U.S. PATTERN, EXPERIMENTAL & TRIAL PIECES

It is now over 1½ years since the latest edition (third) of Dr. Judd's book has been published. Some pieces have shown their popularity by setting new records. In fact, enough interest and records have been set to warrant a fourth edition in 1967 (publishers please note). The first edition was published in 1959, the second in 1962 and the third in early 1965. An impressive record indeed.

1590—J-30, \$5 1804, Silver, Uncirculated. ONLY 7 OR 8 SAID TO BE KNOWN!

Judd does however list J-105, a similar specimen but in si'ver and of equal rarity at \$4,500.00. With the popularity of Gobrecht dollars, we believe that specimen today would realize over	\$6,000.00

1968—1844-0 Lot 309 of Michigan State Convention sale of 1960 described as "1844-0 PROOF. THE ENVELOPE CONTAINING THIS COIN HAD A NOTE THAT IT WAS LOT 1152 OF THE GREAT PARMELEE COLLECTION SOLD IN 1890 WHERE IT WAS DESCRIBED AS A PROOF. I DO NOT KNOW WHAT TO VALUE THIS GREAT RARITY AT. THE OWNER SAID HE REFUSED \$1,000.00 FOR IT." Careful examination of this coin reveals a HIGH BROAD RAISED BORDER BOTH SIDES, SHARP STRIKE AND PROOF SURFACE, however there is a faint haziness in field. The coin is in plastic lettered "\$5 1844-0 PROOF, PARMELEE COLLECTION." We note the Standard Catalogue of United States Coins (new edition by Whitman scheduled soon) lists this piece on page 168 in the last edition.

1970—1845-D BRILLIANT UNCIRCULATED, SHARPLY STRUCK, tiny scratch takes it out of the gem class, A difficult coin to equal, let alone surpass. The great Wolfson collection (sold in Oct. 1962) contained only an "about uncirculated" specimen which was valued at \$300.00. Surely the present catalog value for unc. is unduly low at	275.00

1980—1861-D BRILLIANT UNCIRCULATED, SHARPLY STRUCK WITH SOME PROOFLIKE SURFACE! WE COULD HARDLY BELIEVE OUR EYES AS WE DID NOT KNOW SUCH A REMARKABLE SPECIMEN EXISTED! THE RAREST DAHLONEGA MINT HALF EAGLE! ACQUIRED IN JANUARY, 1965, NEARLY TWO YEARS AGO AS "FINEST KNOWN" AT \$5000.00. Several leading authorities have expressed the opinion that the 1861-D \$5 is as rare if not actually rarer than the 1861-D \$1 (catalogs unc. \$6750.00). The Wolfson specimen (sold by Stack's in New York sale Oct. 1962), was described as "Almost extremely fine. Last year of issue of Dahlonega mint. Struck during Civil War period. ONLY 1,597 MINTED. Very rare and in unusually strong demand. As nice a specimen of this interesting and rare coin as we have ever handled." Evidently the Wolfson Collection catalogers also did not know of the existence of this remarkable specimen. If any coin is deserving of a "runaway price," this one surely is.

TERRITORIAL & PRIVATE CALIFORNIA GOLD COINS

- 2388—\$2½ 1848 With "CAL." ABOVE EAGLE, near Uncirculated with much luster. The guidebook states, "In 1848 about 230 ounces of gold were sent to Secretary of War Marcy by Col. R. B. Mason, Military governor of California. The gold was turned over to the mint and made into quarter eagles. The distinguishing mark "CAL." was punched above the eagle on the reverse side, while the coins were in the die." A historical and interesting piece as well as **THE FIRST CALIFORNIA GOLD COIN!** It's popularity is reflected in the catalog which listed it unc. in the 18th edition at \$5000; 19th edition at \$5500 and now in the present 20th edition at \$6,000.00

- 2389—PATTERN (not known in gold) "Moran & Clark, Warranted 10 Doll Mint Valn," reverse "SAN FRANCISCO 11 DWT 8 GR. 20½ CARAT" struck over a large cent, reeded edge. VERY RARE. Acquired in 1964 when it was valued at 2,000.00
- 2390—\$5 1849 NORRIS, GRIEG & NORRIS, plain edge, acquired as "Extra Fine" but while one side will muster this grade, the other side seems a bit shy. Catalogs \$750 ex. fine, this one probably worth around 650.00
- 2391—\$5 1849 MOFFAT & CO. "S.M.V. (Standard Mint Value) California Gold," near Uncirculated, only slight friction. The scarcer variety with the well-engraved dies. Should realize over 500.00
- 2392—\$10 1849 MOFFAT & CO. "TEN DOL." variety, acquired as "very fine for coin," we prefer to call it fine (even though it is difficult to obtain in the higher grades). Cost \$500 several years ago. The catalog presently values a fine specimen at \$375, altho the last one in that condition we saw was 465.00
- 2393—\$5 1850 MOFFAT & CO., crudely engraved dies (the usual variety offered) interesting reverse die break, very fine. Somewhat scarcer date than 1849. Valued a bit conservatively in the catalog at \$325; we believe it should be at least 350.00
- 2394—\$5 1850 MOFFAT & CO., variety with ROTATED REVERSE 90 degrees, extremely fine. The normal ex. fine variety catalog \$475; surely this scarce one worth closer to 600.00

- 2395—\$50 1851 MOFFAT-HUMBERT 887 Thous., "target" reverse, reeded edge, fine obverse, very fine reverse. Acquired several years ago as "Very Fine For Coin" at\$1,750.00

TERRITORIAL & PRIVATE CALIFORNIA GOLD COINS (Continued)

- 2396—\$10 1852 OVER 1, MOFFAT-HUMBERT, extremely fine. Scarcer in this condition than catalog indicates. Should be worth 750.00
- 2397—\$10 1852 MOFFAT-HUMBERT, normal date, extremely fine (usual minor handling marks). Catalogs \$475 altho there are records over 500.00
- 2398—\$10 1852 UNITED STATES ASSAY OFFICE, 1884 Thous., extremely fine. Catalogs \$475 altho there are records over 500.00
- 2399—\$20 1853 UNITED STATES ASSAY OFFICE, 900 Thous., extremely fine. Popular. Should exceed catalog value of 500.00
- 2400—\$20 1853 UNITED STATES ASSAY OFFICE, 900 Thous., variety with INVERTED "V" in place of "A" in AMERICA, Brilliant Uncirculated. RARE, PARTICULARLY SO CHOICE! 1,500.00
- 2401—\$20 1853 MOFFAT & CO., Uncirculated altho a minor handling mark or two takes it out of the gem class. VERY RARE SO CHOICE! 1,250.00

2402—\$5 1850 BALDWIN & CO., variety with Final "A" of AMERICA ENGRAVED OVER "V", advanced die break on edge, acquired as "UNCIRCULATED, EXCEEDINGLY RARE" at \$2450; while it has the sharpness of "uncirculated" in Liberty's hair, the slight handling marks in the field takes it out of the gem class. We agree, it is "Exceedingly Rare" in this choice state of preservation. In fact, Charles Green of Chicago, who dealt in Pioneer Gold for many years, considered the \$5 Baldwin in the same class of rarity as the \$2½ Templeton Reid. Be that as it may, we feel this rarity should realize at least its cost of \$2,450.00, if not actually somewhat more.

- 2403—PATTERN \$2½ 1851 SAN FRANCISCO STATE OF CALIFORNIA, brilliant prooflike surface, gold-plated (no all-gold specimens are known). The last specimen to come upon the market was in May of this year in the Kreisberg-Schulman sale held in New York. It is listed in Adams' book on California Gold (No. 79) wherein he states it was struck in silver. ONLY 7 OR 8 PIECES ARE SAID TO BE KNOWN! The Kreisberg specimen was valued at 750.00
- 2404—\$10 1852 WASS, MOLITOR & COMPANY, very fine, all (at least all we have seen in our thirty-odd years as professional numismatists) come struck from dished dies resulting in the reverse not being struck up as sharp as this obverse. 500.00

2405—\$50 1855 WASS, MOLITOR & COMPANY, close to "Uncirculated" in sharpness but someone has cleverly tooled the coin to remove the handling marks which seem to plague this coin. Practically all the specimens we have seen in our thirty-odd years as professionals have had numerous handling marks (more so than just about any other "Pioneer Gold" coin we can recall). Popular as the "ONLY ROUND \$50 (EXCEPT FOR THE "IMPOSSIBLE" KELLOGG)" We did see a specimen called "Uncirculated" (altho it wasn't a gem) not too many years ago at \$10,000.00. This particular specimen was \$6,000.00

- 2406—\$20 1855 KELLOGG & CO., extremely fine with luster (bought as "about uncirculated"). A choice specimen worth over the catalog price of \$525 for ex. fine; probably closer to 600.00

SMALL CALIFORNIA GOLD

All are genuine and are not to be confused with the modern souvenirs. We note a marked increased interest in this series. Collectors have finally realized that these are the most reasonable CALIFORNIA GOLD COINS to collect. How long they can remain "reasonable" in the face of the growing demand is a matter of conjecture. A new definitive book is said to be in preparation. The B numbers refer to Burnie's book "SMALL CALIFORNIA AND TERRITORIAL GOLD COINS" published in 1955.

- 2407—\$1 OCTAGON, B-46, Large Liberty Head with string of beads around neck, "G" under head, 13 tiny stars, reverse CALIFORNIA GOLD, -1- DOLLAR 1869, v.f. Cat. 60.00

2402—\$1 OCTAGON, B-70, Large Indian Head (small crude type head with swept back feathers) 1876 under head, reverse wreath containing "1 DOLLAR CAL.," Uncirculated altho rather crudely struck.
